Within 6 days make 5 copies of this letter leaving off the top name and adding your name to the bottom. Three hankies is all you need. Send one to each name. This club is different because you start receiving hankies at once. So you don't have to wait till your name reaches the top. You will receive 155 hankies. It's fun to see where they come from. If you are not interested, notify the bottom name within 3 days or the chain will be broken. Just mail your hankies in an envelope.
